

DRESSAGE FUN DAYS

The Flathead Combined Training Association welcomes you to join us for our Dressage Fun Days. The events take place at the Ivan Herron Memorial Park, off of Foy's Lake Road, in Kalispell, Montana, and all levels are encouraged to participate.

The Dressage Fun Days are an opportunity for horse and rider demonstrate dressage skills, in a non-intimidating atmosphere, where they can engage in some friendly competition. Our goal is to create an experience both productive and enjoyable. These events are great practice, and offer a chance to expose you and your horse to the show environment in a beautiful and comfortable setting.

We plan to recognize horse and riders, who has the best combined scores for that day, to account for achievements unique to every level. Depending on the number of entrants, classes may be combined, and we make a conscious effort to consider the specific circumstances unique to every individual event.

For further information on any specific event, please contact the Event Organizers as listed on the calendar.

Please join us for a day of Dressage at a beautiful park setting that will prove to be an enriching experience for both horse and rider.
